Hello,

I referred that question to the County Attorney and have not heard back as of yet. This is the recent guidance from ADHS about private events that I mentioned today -- <https://azdhs.gov/documents/preparedness/epidemiology-disease-control/infectious-disease-epidemiology/novel-coronavirus/community/covid-19-recommendations-for-private-events.pdf>

I do have answers to the other questions...building permit data by zip code is below.

Regarding bike lanes, MCDOT confirmed that they are not planning to install bike lanes in the foreseeable future and would need to conduct additional study and public outreach prior to moving ahead with any plans for bike lanes.

Thanks,
Jen

Building Permit in Zip Codes 85086 and 85087

Subject: Question

Jen,
you gave a great presentation today, very informative and you actually answered all the questions that were ready ahead of time to be asked.
I am reaching out about one question that was brought up during the meeting to see if you were able to find an answer; CDC guidelines for peaceful protest crowd size.

Have a great weekend
